

COMPANY PROFILE

To be a reliable provider of electric power and automation solutions during the growing transition to energy efficiency and digitalization.

To be a strong instrument of advocacy in our industry by working, learning and growing with industry practitioners in the field of smart power distribution and energy efficiency.

To be a pioneer in supply and modernization of electric power distribution and production assets thru use of energy efficiency, life cycle management and digitalization solutions across industries.

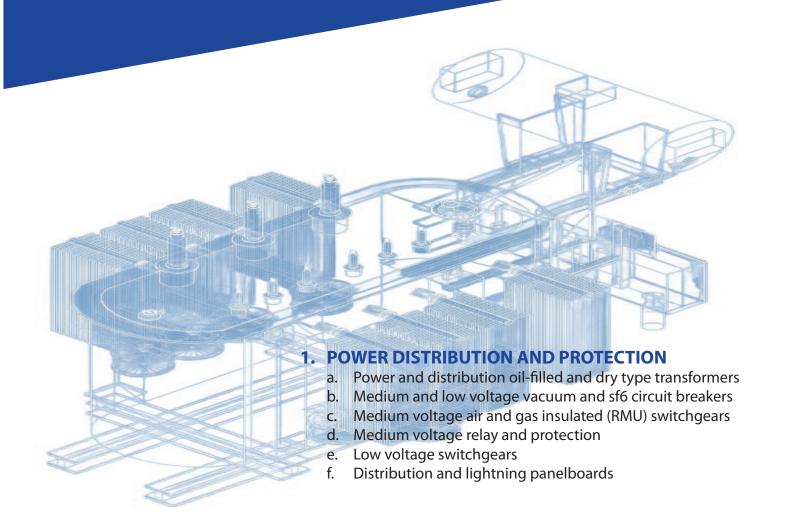

## WORK WITH OUR TEAM!

- More than 27 years of industry experience in electrification and automation
- Cross industry segment application and expertise
- Strong
  manufacturing and
  product availability
  infrastructure
- Multi brand selling and technical application expertise

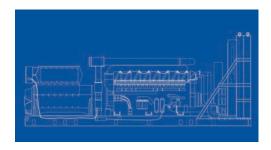

## **PRODUCTS**

### 2. ROTATING MACHINE

- a. Medium voltage induction and slip ring motors
- b. Low voltage induction motors (IEC, Nema)
- c. Low voltage high efficiency (permanent magnet synchronous reluctance) motors
- d. Capital and critical spare parts for large medium and low voltage induction and slip ring motors

### 3. INDUSTRIAL AUTOMATION

- a. PLC Discrete Control and Automation
- b. DCS Plantwide Control and Automation

### 4. DIGITALIZATION, POWER QUALITY AND ENERGY EFFICIENCY

- a. Medium and low voltage variable frequency drives critical spare parts.
- b. Medium and low voltage softstarters
- c. Solar inverters (centralized and modular)
- f. Medium voltage liquid starters
- g. Active and passive filter products and system
- h. Low voltage motor temperature, vibration and Vibration analyzer (cloud based)
- i. Active voltage conditioners

### 5. INDUSTRIAL AUTOMATION

- a. PLC Discrete Control and Automation
- b. DCS Plantwide Control and Automation

# SERVICES AND INSTALLATION MATERIALS

### 1. ELECTRICAL INSTALLATION PRODUCTS

- a. In-place Installation, start-up (necessary tests) and commissioning
- b. Medium voltage vacuum and sf6 retrofit
- c. Low voltage ACB and MCCB retrofit
- d. MV/LV Switchgear preventive maintenance services
- e. Cable laying and termination
- f. Protection relay retrofit and setting.
- g. Cable tray and LV busway installation

## 2. POWER ELECTRONICS AND AUTOMATION SERVICES

- a. Medium and low voltage VFD/Softstarter installation, start-up and commissioning
- b. Low voltage VFD/Softstarter preventive maintenance services
- c. Retrofit and upgrade of medium and large KW low voltage
- d. Engineering and systems engineering for PLC and medium scale DCS
- e. Energy efficiency, harmonics and power quality audit
- f. On-line cloud based digital parameter retrofit works

### 3. ROTATING MACHINE SERVICES

- a. Medium and low voltage motor hauling, installation, alignment and vibration analysis
- b. Medium and low voltage motor overhaul

# **PARTNER BRANDS**

Office Address:

Unit 1903 Entrata Tower 1, Civic Drive, Filinvest City, Alabang, Muntinlupa City 1780 | Phone: +63 02 8373-3715

SEC Registration: 2023100120392-00

Plant Address:

Phase 2 Block 4 Cavite Light Industrial Park (CLIP), Maguyam, Silang Cavite 4118, Philippines
